The American Osteopathic Association’s Commission on Osteopathic College Accreditation (COCA) currently accredits 39 colleges of osteopathic medicine (COMs) operating at 60 different sites. This includes 33 fully accredited COMs with 16 additional locations and 6 branch campuses, as well as 4 pre-accredited COMs.

“Next Accreditation Visit” means the time-period in which the COM will undergo its next comprehensive site visit for purposes of establishing a new full accreditation status, timed to occur before the expiration of their current accreditation status. “Established” means the year the first class matriculated.
