The American Osteopathic Association’s Commission on Osteopathic College Accreditation (COCA) currently accredits 41 colleges of osteopathic medicine (COMs) operating at 66 different sites offering instruction to approximately 36,500 medical students for the coming academic year. This includes 34 fully accredited COMs with 18 additional locations and 7 branch campuses, as well as 7 pre-accredited COMs.

“Next Accreditation Visit” is when the COM will undergo its next comprehensive site visit.

“Established” means the year the first class matriculated at the COM, additional location, or branch campus.
