The American Osteopathic Association’s Commission on Osteopathic College Accreditation (COCA) currently accredits 37 colleges of osteopathic medicine (COMs) operating at 58 different sites for the 2021-2022 academic year. This includes 33 fully accredited COMs with 15 additional locations and 6 branch campuses, as well as 4 pre-accredited COMs.

This past spring (2021), an estimated 7567 osteopathic medical students graduated from COCA-accredited COMs. It is estimated that approximately 8945 first year osteopathic medical students will matriculate in the upcoming 2021-22 academic year, such that there will be approximately 33,800 osteopathic medical students in attendance at COCA-accredited COMs during the upcoming 2021-22 academic year.
